ATTENUATORS

VALVES, TERMINATIONS AND GRILLES

Our range of high performance attenuators are engineered to reduce noise in HVAC systems. With superior sound attenuation to provide a more comfortable indoor environment, the curved spigot silencers are optimised for airflow efficiency ensuring the balance of noise reduction and performance.

A full range of internal and external valves, grilles and terminations are available for HVAC systems.

Available in a range of sizes, materials and finishes.

CIRCULAR ATTENUATORS

Range	Items	Sizes (mm) Ø
Curved Spigot Silencers	Available in varying lengths 300mm 600mm 900mm 1200mm	100mm
